

Monday April 28, 2025
6:30 p.m. – 9:00 p.m. (PDT)

Golden State Bonsai Federation invites member clubs to
our second quarter Golden Zoom series
featuring Scott Elser.

Scott will discuss
air-layering:
the process of
propagating your
own material,
creating a new tree
or growing an
impressive nebari.

We will send the Zoom link to GSBF clubs, who are
encouraged to share it with their membership.

See you there!
